Maintenance Technician

Number of openings: 1
Employment status: Full-time

Shift: Varies

We are seeking the following for current and future openings:
Maintenance Technician

We are looking for a team player with proven retail distribution success to work in a fast-paced distribution center.

General Summary: Loads and unloads trailers, moves merchandise from area to area and uses conveyors or power lift equipment throughout Distribution Center.

Essential Job Functions:

- Completes work orders, records, logs and other written or computer-based documents according to established procedures in a timely manner
 - Performs preventive maintenance and repairs on equipment (e.g., pneumatic systems, material handling equipment, hydraulic equipment, dock equipment, electronic and electrical equipment, damaged racks, plumbing, etc.) according to safety and quality procedures
 - Participates in cleaning the conveyor systems, parts cage, and totes as appropriate
 - Operates material handling equipment, battery equipment, moving machinery, and other powered equipment; utilizes **TCPIP** as a troubleshooting/setup tool
 - Diagnoses mechanical and electrical problems using technical drawings (e.g., **blueprints, electronic/mechanical schematics**) and diagnostic tools (e.g. **multi-meter, laptop**)
 - Provides resolutions to **mechanical**, technical/controls issues; documents all information relating to customer support issues in **CMMS** and **Dashboard** database; utilizes resources in other departments (when necessary) to expedite the resolution of **conveyor** related issues
 - Assists other technicians in the repair and maintenance of equipment
 - Follows up with other departments to ensure issues have been resolved
 - Adheres to all department and company standards, operating procedures and safety requirements while contributing to improvement
 - May be required to perform other duties as requested, directed, or assigned
-
- High school diploma or equivalent required, post-high school education/training preferred
 - Troubleshooting skills (Mechanical, Electrical, Controls, Networking)
 - Ability to work well with other associates and represent the organization in a positive manner
 - 2 – 4 years of related experience in mechanical troubleshooting, maintenance and/or installation

- Conveyor and/or sortation experience a plus
- Previous warehouse experience preferred
- Strong electrical, mechanical and mathematical skills
- Skills in welding, milling machines, hand and power tools and electrical motors
- P.C. literate, familiarity with Internet based software, MS Office, etc.
- Ability to lift 70 lbs.
- Dedication to promoting a strong culture of safety
- Ability to adapt to job duty and department changes as required

NOTE: There are differences in job duties for our store types that may vary from this job posting. Review our job descriptions posted on our Career Center.
